

United Methodist Women Indonesia Missionaries

On Tuesday evening, April 12, at 7:00pm, UMW will meet in MacMurdo Hall for dessert followed by a program. The speaker, Johnathan Jones, will be bringing us a power point presentation about his 2010 trip to Indonesia when he was visiting Christian missionaries working there. Indonesia is the largest Islamic nation in the world and has over 300 ethnic groups. The missionaries learn a tribe's dialect and translate the Bible for use by the local community. Mr. Jones will take us along on his month-long journey in words and pictures. The UMW circle that heard Mr. Jones tell his story recommended it highly and suggested he present the evening program so that more people can hear about his experience. We hope women and men will come out for an exciting evening.

The executive committee and activity leaders will meet April 12, from 10:00am to 11:15am in Room E-5 (Library).

Start off Holy Week with this special event.

You are invited to enjoy a light lunch typical of Biblical times, then stroll around the campus visiting traditional style vendors and artisans.

Participate in craft-making, weaving, bread-making, pottery and carpentry. Spend the afternoon learning about what life might have been like during Jesus' time.

We will kick off this event at 12:30pm with a giant Easter Egg hunt for children ages 2-8. Please bring your own basket

Share this flier with friends & neighbors. Invite them to share the experience!
